| <b>Lecture</b> , <i>Yaba College of Technology</i><br>● Preparing and delivering lectures, tutorials, workshops, and seminars.<br>● Developing curricula and course material that can be used across a number of platforms.<br>● Collaborating with other academics and lecturers to improve teaching methods and expand knowledge base.<br>● Setting and grading assignments, tests, and exams.                                                                                                                                                                                                                   | 12/2025 – Present<br>Lagos, Nigeria |
| <b>Physics Educator</b> , <i>Lagos State Ministry of Education</i><br>A governmental body responsible for education in Lagos State.<br>● Problem-solving create lesson plans and activities to engage students in the learning process.<br>● Encouraged critical thinking, problem-solving and creativity among students<br>● Planned classroom activities to enable students to work independently, in small groups and in large groups<br>● Fostered an inclusive environment that promotes respect for diversity of opinions.<br>● Provide differentiated instruction tailored to meet individual student needs | 06/2013 – 12/2025<br>Lagos, Nigeria |

A company that specializes in telecommunications and RF engineering

- Developed strategies to improve overall network performance based on collected data from various sources such as site audits and customer feedbacks.
- Conjured test equipment like spectrum analyzers, signal generators, according to project requirements.
- Analyzed coverage holes and interferences by creating reports in the form of maps and tables.

## Skills

---

- Waec Examiner
- Python
- Item Writer
- Mathlab

## Languages

---

- English and Yoruba
